Subject: Docking etc, at Norway Point

Dear Ms Sykes: My wife and I purchased property on Bigwin Island(lot #44) in 1987 and have used the property continuously in one form or another since then. We have always understood that the parking and docking at Norway Point was for the use of Bigwin Island residents.

We also understand that things change over time and that accommodations need to be made to address concerns of various other residents in the town. It is for this reason that we are both fully supportive of the submission being made by the Bigwin Island Committee that is responsive to all concerns, including Islanders and non-Islanders. Given the limited amount of marina docking and parking space available we believe this solution should be accepted by the town as the best alternative.

Although we have lived in Canada all of our lives we moved to New York City in July for 3 yrs and are therefore unable to attend the upcoming town meeting. Please treat this email as an expression of our support for the submission of the Bigwin Island Committee. Thank you! [REDACTED]
