Re: Norway Point Public Dock/Park Proposal

To : The Mayor and Council of the Township of Lake of Bays

I am *against* this proposal in full.

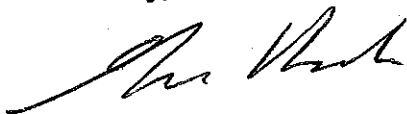

I am shocked, insulted and feel it is rude that the township would even consider proposing exclusive use of public facilities.

It would reduce revenues from local marinas. If they need to expand, then let them. This is the solution.

The dock and park must remain for public day use. (24-48 hrs)

The time limit must be addressed by township as this public dock is being abused by many.

Yours truly,

Gord Darke

cc Township of Lake of Bays
Delegation to maintain Norway Point
