Subject: Support for Community Futures Application

Hi:

MWC is submitting an application to Community Futures for funding to help print the 2010 report card. They request letters of support from municipal councilors. As MWC municipal councilors could you please provide that municipal support for our application. I have attached a sample letter for your use. If you could bring it (or a modified version so that we don't have six identical letters) to MWC this Friday that would be great. Applications are due in early November.

Bracebridge ON P1L 2B6

Dear Ms. de Lang:

Re: Muskoka Watershed Council - Application for Funding.

On behalf of the Township of Lake of Bays, I am pleased to submit this letter of support for the Muskoka Watershed Council's grant request for funding for the 2010 Muskoka Watershed Report Card. This document is an important and valued source of information for our residents, both permanent and seasonal. Two of our Councillors sit on this volunteer body and report back to Council regularly on its activities.

As you are aware, the Muskoka Watershed Council (MWC) is a volunteer body that works with a wide variety of individuals, governments, agencies, and organizations across Muskoka with an aim to reduce our ecological footprint and develop in a more sustainable manner. The mandate of MWC is to Champion Watershed Health. They do that by

- Evaluating the watershed
- Advocating for the Watershed
- Communicating to and educating Muskoka's residents and visitors, and
- Promoting and demonstrating sustainable activities and best practices

The Muskoka Watershed Report Card is the primary communication and education tool of the Council and supports and informs much of the work and advocacy that they undertake. We wholly endorse the funding application submitted by Muskoka Watershed Council for support in printing this important document.

Yours truly,

Janet Peake
Mayor
