Attn: Carrie Sykes

I submit this letter to be included in the Feb.23 Council meeting agenda.

Re: Norway Point Public Dock/Park Improvements

To: Mayor and Council

There is *false* information in the resolution you passed last meeting. ' Council recognizes that water access properties *without* mainland access..... ' - *without* - is proven to be false. Alternate access is available. There are *no* residents *without* mainland access. This *without* statement is impossible. You must change/amend this resolution today as it is impossible for the advisory committee to consider addressing this wrong, false, impossible information. You have the power to make this needed change now, today. Why would you not change it asap? This change may seem a small detail, but is needed, as it *implies* false needs of any or all residents.

**Yours truly,
Gord Darke**

cc Township of Lake of Bays
Advisory Committee
Delegation to maintain Norway Point
