Re: Norway Point Improvements

IMPORTANT! An amendment is necessary, regarding the resolution on Jan.26, 2010. stating, water access residence "without mainland access". This should be omitted, as it is false information. As there are access options.

At this time I strongly urge you to refer to Mary Slavic's letter dated Jan. 14, 2010. which was submitted to the Norway Point Advisory Committee meeting on Feb.5, 2010. This letter contains information on the prior and present docking and parking, use of the marina's and Norway Point.

Thank-you again for your time.

Sincerely yours,
Carol Armstrong
