Dear Mayor Peake:

Thank you for your municipality's cooperation in helping the ministry to collect local information for the trails mapping project.

We appreciate the efforts of our municipal partners and local trails groups in this important initiative. The information we are assembling, which includes detailed trails data, will provide a comprehensive view of the network of trails across our province and identify existing gaps in that network.

This project will help to maximize the use of trails, to improve the overall health and well-being of Ontarians, and to bring social, economic and tourism benefits to communities like yours across the province.

Thank you again for your contribution to the mapping component of the Ontario Trails Strategy.

Sincerely,
