To Whom It May Concern:

Re: Paint Lake Municipal Boat Launch

At our recent annual meeting of the Paint Lake Ratepayer Association there was a discussion regarding concerns of the usage of boat ramp and issues raised by residents. A motion to address these issues was passed. The Paint Lake Ratepayer Association is appealing to the Township of Lake of Bays to provide appropriate signage in this area to notify boat ramp users that:

- The boat ramp is to be used and then cleared promptly
- Parking of vehicles and trailers should be clear of the road and not block private driveways
- Parking should be time limited
- Abutting property and private docks must not be used/trespassed.

Your attention to this matter will be appreciated.

Sincerely,

Randy McNaught,
President – Paint Lake Ratepayer's Association
